

SOUND AND LIGHTING FOR ANY PRODUCTION

Specializing in concerts, festivals, music series and corporate events, **PRO AUDIO SOUND** has been in the sound business since 1989. Our engineers, stage techs, and lighting crews have 10-25 years' experience in all aspects of sound, lighting, backline and production.

SHANE HOUTS-Owner & Founder

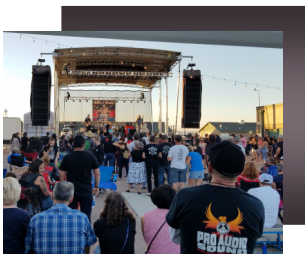

Systems can be customized for any event specification. We can provide systems from speakers on stand set ups for small speaking engagements to a full "line array" for the largest production.

In addition to separate monitor systems, our company can provide Lighting and "Backline".

We also network with Multiple Companies providing you success with all your Events.

In addition, we can provide outdoor portable stages with roofs that are hydraulic or "crank up". Some stages have the ability to fly PA Systems. PLUS...Generators are also available from 20KW.

PRO AUDIO SOUND inventory includes JBL Array Boxes that can be flown from crank stands...up to 6 boxes on a side to a trim height of 18 feet. In addition we can provide "JBL line array" cabinets up to a "38 box System".

"Great company to work with! After 25 years in the Springs and they are still rockin'! Shane must be doing something right."
